Praveen

## 1.0 Scope of Work:

A	Required Hardware Necessities (SERVER)
B	Creation of "Document Management System" (DMS) with implementation
C	Security Audit of Web Based Application
D	Unbinding and Binding of Tabulation Registers
E	Scanning of records Above A3 Paper Size(per page)
F	Scanning of records A3 Paper Size(per page)
G	Scanning of records Legal Size /A4/Letter Page (per page)
H	Lamination of Records Paper Size Above A3 (per page)
I	Lamination of Records Paper Size A3 (per page)
J	Lamination of Records Paper Legal Size/A4/Letter (per page)
K	Digitization of Records per field/ attribute(per entry of each student records)
L	Database & Indexing Generation (per record)
M	Barcode Sticker (per sticker)
N	Conversion & Compression to searchable PDF
O	Register Preservation with LDPE (per register)
P	Annual Maintenance of " Document Management System" (DMS)
Q	Annual Maintenance Of "Server"

## 2.0 Advantages of Digitization:

The basic advantages of getting the documents digitized are:

- Immediate response to queries made by Students, Colleges and University Authorities.
- Accessing old document without handling/damaging them.
- Overcome storage space shortages.
- Flexible and fast retrieval regardless of archive size.

### Overview:

- It is proposed to digitize the Tabulation Registers by scanning of the documents, data entry and data creation of referral fields for searching, without leakage of data, manipulation of data, theft of data.
- In this document digitization means scanning of Tabulation Register and data entry of students records.

## 3.0 Document Preparation:

- Documents Preparation to be done by the concerned firm in university premises.
- Documents will be received from the university authorities in counted numbers.
- Unbinding/Un-stitching of document will be done if required followed by fanning of documents and making them dust free for smooth scanning.

Ahmar

Ramesh

- Straightening will be done to enhance the quality of creased 'dog-eared' documents, if required?

#### **4.0 Scanning, Lamination and Data Entry: (By the concerned tender)**

- Scanning to be done by the concerned firm in university premises, in consultation and supervision of the concerned authorities appointed by the University.
- A setup of Computers of high Storage Capacity and High-Resolution Document Scanner, Flat Bed Scanner and wide format Scanners will have to be installed in the concerned sections of the University by the bidder.
- Lamination of each pages of Tabulation Register to be done by the concerned firm in the university premises.
- Secured working space with furniture and un-interrupted power supply will be provided by the University.
- The Documents will be received from the concerned section by a Supervisor.
- Numbering will be done for the document. This number will help in identifying the document set later in the process of scanning etc.
- The Document will then be passed to the Scanner Operator who will receive the documents and start the scanning process.
- The Scanner Operator will name the digitized file in the pre-decided file naming format based on document number, type and size.
- After completing the scanning of a batch, the scanner operator will commit the batch and hand it over to Quality Control operator.
- The document will then be sent to the Data Entry Section where Data Entry will be done for referral fields, like academic year, Student's Roll Number, Enrollment number, College Name, Class/program/ course/ Student's Name and Father's Name PDF Page No. The entry will be done against the document code provided while numbering of the document.
- Print outs will be taken and data entered is checked again for any correction by checking team. Corrections are marked in the data and it is finalized to be linked to the scanned image.
- The images of the documents generated through scanning will be in TIFF/JPG group 4 image format, which is an ISO standard image format in document imaging.
- If any document is not found fit for scanning, it will be noted and further action will be taken after discussing with University Authority.

A Kumar

Lawrence

## 5.0 Quality control and Indexing:

The scanned batches will automatically appear on the Scan Quality Control workstation. The operator will receive the files along with the batch of scanned documents. At this stage an operator will be required to check and verify the following:

- o Scan Quality is up-to-the mark or not. If any discrepancy is found, re-scanning will be done. If the image has some spots or patches, it will be cleaned. Images will be cropped to size, if required.
- o The number of documents scanned - should match the number of pages mentioned in the scan batch. If the number of pages scanned, are less and the pages whose image is missing is found in the packet, he will insert the image at the correct place in the batch by using scan-insert option.
- o The sequence of the documents scanned - if it is not correct, he will correct the image sequence electronically.
- After passing the images through Image QC, the image batches will come to Indexing Stage from Scan Quality Control Stations.
- The Document code shall be entered against the entered data and document will be indexed with the soft data.
- The Indexed Document will get linked with the Data entered by the Data Entry Section
- Once the Scanned Image is Indexed and linked with entered data, final Quality Control will be done by randomly checking the records. After final data verification accuracy level of 100% shall be assured.

## 6.0 Post Scanning Activities:

- After completion of the digitization process (scanning, QC and indexing) the physical records will be rearranged in the similar condition in which the records were received from Record Room keeper that includes binding of the un- binned records without additional cost on the University.
- They will be marked with a sign to indicate that they have been scanned. No record will be accepted back unless it is signed by the authorized signatory of the organization/firm

## 7.0 Software Application - Data base Generation:

- A web-based application will be developed that will help in Searching for a particular Record. The authorized user will put in the year, college name, enrolment no, roll no, class/program/ course, Student's name and father's, PDF Page No, name to search

- the record or any 3 to 4 combinations. The search results will show the matching results. When the user clicks on the required record, the image will opens where further details can be viewed.
- Regular back up will be taken on daily/weekly/monthly basis along-with data and the images in the computer system

### **Architecture of the Software:**

The system will be three tier and web-based system, as stated below:

#### **Client or Front End:**

This tier will have browser to access the application. Suitable rich and web clients would be selected based on the usability needs.

#### **Middle Tier:**

This Tier will have the application server where the core logic for the application will be hosted and will also be responsible for transaction management authentication and data protection.

#### **Back End:**

This tier will have the database where the data of the application will be hosted.

Software Interfaces will be protected by username and password, which will have different levels of authentication.

All the data will be entered or modified in the central database server in real time. This will enable the authorities to view real time reports.

### **Development Platform of Software:**

The Application will be developed in Java/J2EE. The front end will web browser and the application will be in English. The application will run on Web Server.

MS SQL 2008 Server or higher / Postgres SQL

: Java/J2EE, FLASH, HTML and JAVA Script, SQL Server.

Front-end : ASP. NET Windows 2008 advance server  
(recommended)or Higher / Cloud Server.

Server O/S : Windows NT/ 9x/XP/98/ Windows XP Pro/ VISTA/  
Windows2008/ Linux.

## Guiding Principles

Being an institution, Veer Kunwar Singh University, Ara has created and adopted best practices across its organizational operations. It expects from all its partners to follow the same.

In view of this, Veer Kunwar Singh University, Ara has framed the following guiding principles to be adhered to by interested participants. The best practices may be more than what are specified below:

The proposed solution should be an Integrated, Scalable, Modular and User-friendly.

The proposed solution must implement a multi-level security across various tiers and software layers of the IT platform.

Best practices from the industry must be implemented across the tiers and layers of the proposed solution and across various phases of the software development lifecycle.

## Software Support and Maintenance Practices

Software support and maintenance for a period of five years post go-live of the software platform is mandatory and part of the scope of work of the proposed program. The selected bidder must

ensure that the technology / platform of the proposed software (application and system included) be of the latest version as published by the OEM (where applicable) and made available at no extra cost to the University.

### Setup and Commissioning

Installation, Setup and Commissioning of the system to host the software servers along with the portfolio applications will be part of the scope of work. Ensure that all non-functional requirements are catered to and will be part of the design and the proposed solution. The server infrastructure and connectivity requirements along with the data center details will be provided by Veer Kunwar Singh University, Ara, Bihar to the selected bidder for configuration.

### Documentation & Training

Providing all design, documents, user and operational manual in hard and soft copy form. The bidder will provide necessary training and hands-on to the university employees for a requisite period until and unless they are well acquainted with the software.

### Integration

Some of the software systems are running in the University for its smooth functioning but need to integrate these systems with proposed solution.

### Security and Vulnerability

Solution provided must be secure and free from any type of Vulnerabilities and Attacks. Regular up-gradation in view of Security and Vulnerability is required. The up-gradation for the coming One year shall be the responsibility of the selected organization/firm.

### Eligibility Criteria/Prequalification for Technical Bid (Failing which Tender will be SUMMARILY REJECTED)

The bidder must possess the requisite experience, strength and capabilities for providing the services necessary to meet the requirements, as described in the NIT document. The bidder must also possess the technical know-how and the financial wherewithal that would be required to successfully provide the IT applications, systems and support services sought by Veer Kunwar Singh University, Ara, Bihar. The bids must be completed in all respect and should cover the entire scope of work as stipulated in the NIT document. The invitation to bid is open to all bidders who qualify the eligibility criteria as given below. Eligibility criteria are mandatory and binding on the organization/firm and **any deviation in the same will attract bid disqualification**

10.	Time of Completion of work (Within one year from the Date of issue of work order)	Self-certification
11.	Maintenance and up gradation of all the system of the job. (one year from the Date of completion )	Self-certification

### NIT Submission

The bidder must submit a Demand Draft (DD) of any scheduled Bank for the value of **Rs.5000/-**

A Kumar

Am

(Five thousand)+GST as Cost of tender and another DD for the value of Rs. 500000/- (Five Lakh) as Earnest Money along with the Technical Bid. Technical Bid without Cost of Tender and EMD will be **SUMMARLY REJECTED**. The Demand Draft should be in favour of "Registrar Veer Kunwar Singh University Ara, Bihar" payable at Ara, Bihar. The cost of Tender is a non-refundable amount.

### **Bid Evaluation process**

All offers including the proposed solution(s) received by Veer Kunwar Singh University, Ara, Bihar shall be evaluated by an Evaluation/Tender Committee duly constituted by Veer Kunwar Singh University, Ara, Bihar, on the basis of eligibility criteria mentioned in this document. Firms who qualify and are shortlisted by the Tender committee, only their financial bids will be opened. Veer Kunwar Singh University Ara, Bihar shall be liberty to reject non response received from any company or consortium for the Notice Inviting Tender in reply of notice inviting this Notice Inviting Tender

### **General Terms and Conditions**

- The bid from those bidders who have failed to submit information as given in the Eligibility criteria as well as that given on the tender form **will be summarily rejected** and their financial bid also will be repealed. Technical Bid must contain required documents. The bidders are required to submit both Technical bid and financial bid in separately sealed covers kept on a bigger envelope mentioning the title of the NIT at the time of submission. Financial bid of **only those bidders shall be entertained** who qualify the Technical bid and subsequently present a satisfactory solution before the authorized Tender committee.
- Technical Bid will be opened on the prescribed date of the tender in the presence of representatives of the bidders either physically or virtually depending upon the covid-19 scenario. All tenders without EMD will be **summarily rejected**.
- In case the bids are not received from sufficient number of firms up to the stipulated date and time, last date for receiving and opening the tenders can be extended by the University and no further communication shall be entertained in this regard. The university reserves all rights in this concern.
- If the bidder resizes from his offers and puts forward new terms after opening of the tender, his earnest money is liable to be forfeited.
- The submission of more than one tender for one and same category and under different names is prohibited. If, at any time it is discovered that this condition has been violated, all the tenders of the firm shall be rejected or contract(s) cancelled and the earnest money or security deposit(s) will be forfeited to the University.
- Refund of Earnest Money: The earnest money of unsuccessful bidders shall be refunded soon after final acceptance of tender/bid
- Forfeiture of Earnest Money: The earnest money shall be forfeited in the following cases:-

A Kumar

Kumar

- i. When the bidder withdraws or modifies the offer after opening of tender/bid but before acceptance of the tender/bid.
- ii. When he does not execute the agreement, if any, prescribed within the stipulated time.
- iii. When he fails to commence the supply of the items as per work order within the prescribed time frame.
- iv. When the bidder does not deposit the security money after the work order is given.

• Forfeiture of Security Deposit: Security Deposit shall be forfeited in the following cases:

- i. When any terms and conditions of the contract is infringed or deviated;
- ii. When the bidder fails to provide services/carry out work satisfactorily.

Notices will be given to the bidder with reasonable time before earnest money or security deposit forfeited.

- The tendered rates must be valid for at least a period of six months from the date of opening the tender. If the rates quoted are not valid for the above period, the bidder should mention the same explicitly in their offer. However, in the event of downward trend in the rate, university reserves the right to negotiate the rate or reduce the validity of the rate.
- The Registrar, Veer Kunwar Singh University, Ara, Bihar reserves the right to accept any tender, not necessarily the lowest, reject any tender without assigning any reason and accept any tender for all or any one or more items for which tender has been submitted.
- In case the rates quoted by all the bidders are very high, or do not suit the University, negotiation can be conducted as per rules.
- The contract can be repudiated at any time by the Registrar, Veer Kunwar Singh University, Ara, Bihar (If the work order is not executed in time and/or to satisfaction after giving an opportunity to the contractor (bidder) for being heard.
- The tender must be submitted accurately in accordance with the conditions of the tender and all the enclosures (duly signed and stamped) must be attached along with the tender as demanded. Otherwise the tender will be rejected.
- Legal proceedings, if any, arising out of the tender documents shall be under the jurisdiction of Authorised Court Ara, Bihar, and not elsewhere.
